We care:

We care about all our guests, especially our youngest ones. It's why we've designed our kids' menu with the help of our clever Nutritionist. The important stuff: 100% responsibly sourced fish | 100% chicken breast | 100% UK and Irish beef | No genetically modified ingredients

Children between 5-10 years old need around 1,800kcal a day. This will vary by age and level of activity, as some children will need less and some will need more.
